

RENTERS INSURANCE

Renters insurance protects you against damage or loss of your personal property when you rent a house, apartment or condo. Your landlord's insurance protects the physical building, but your personal possessions are your responsibility. Can you afford to replace everything you have in your home right now?

Additionally, a Renters insurance policy includes liability coverage, which provides protection against common personal liability claims such as slip-and-fall injuries, medical payments to others and property damage to others that would otherwise come out of your pocket.

Fire, theft, vandalism and more

You may not own the place where you live, but you still need to protect your belongings against loss. You could also be financially responsible for damage to other people's property surrounding you. That's why we offer Renters Insurance through our trusted partner, Century-National Insurance Company. You can quickly obtain a quote that matches your needs. And if you already have a policy in effect, you can still request a comparative quote. No cost. No obligation.

Personal Umbrella Insurance

A personal umbrella policy is an essential level of insurance that goes beyond what your home and auto policies cover. It's a cost-effective way to protect your family and your assets.

Valuable Items Insurance

Insurance for unique and valuable items such as fine art, jewelry, fine wine, collectibles, antiques, vintage automobiles, silver, china, stamps, coins, guns, photo equipment, musical instruments, memorabilia, heirlooms and furs is not just a good idea – it's a necessity. Homeowners policies are rarely sufficient to cover replacing treasured valuables if they are lost, stolen or damaged.
